

UNIVERSITY OF SWAZILAND

SUPPLEMENTARY EXAMINATION PAPER

PROGRAMME: **BSc. in Agricultural Economics and Agribusiness Management Year 4**
BSc. in Agronomy Year 4
BSc. in Agricultural & BioSystems Engineering Year 4
BSc. in Agricultural Education Year 4
BSc. in Land and Water Management (TRA) Year 4
BSc. in Horticulture Year 4

COURSE CODE: **AEM 404**

TITLE OF PAPER: **PROJECT PLANNING AND MANAGEMENT.**

TIME ALLOWED: **2:00 HOURS**

INSTRUCTIONS: **1. ANSWER ALL QUESTIONS.**
2. EACH QUESTION CARRIES 25 MARKS
ATTACHMENTS: **DISCOUNT FACTOR TABLE**

DO NOT OPEN THIS PAPER UNTIL PERMISSION HAS BEEN GRANTED BY THE CHIEF INVIGILATOR

Question One

Explain the main parts of a feasibility report.

[25 marks]

Question Two

In order to design and analyze effective projects, a project management specialist must consider many interrelated aspects; briefly explain the aspects of project preparation and analysis. [25 marks]

Question Three

- (a) Discuss the two methods of land valuation in project analysis. [8 marks]
- (b) Explain why taxes are not treated as a cost in economic analysis of development project [4 marks]
- (c) How is a "with and without" comparison in project analysis different from "before" and "after" the project? [4 marks]
- (d) List and discuss briefly the kinds of direct transfer payments in agricultural projects. [9 marks]

Question Four

Given the following net cash flows in emalengeni, for two agricultural investments;

Year	Investment A	Investment B
1	200	528
2	200	528
3	200	528
4	200	528
5	2,200	528

If the initial investments is E2, 000

- (a) Calculate the Net Present Value for each of the investments if the cost of capital is 10%. [10 marks]
- (b) From your calculations in question (a) above, give reasons which of the investment you would have preferred. [2.5 marks]
- (c) Calculate the payback period for each of the investments. [10 marks]
- (d) From your calculations in question (c) above, give reasons which of the investment you would have preferred. [2.5 marks]
